Plastumbúðir

Plastpokar, plastbrúsar, plastdósir, plastfilma, plastumbúðir, plastbakkar, plastflöskur ofl.

ATH! Til að plast nýtist sem best sem endurvinnsluefni er nauðsynlegt að hafa í huga að plast undan matvælum og hreinsiefnum þarf að vera skolað og þurrt. Allt efni á að fara laust í tunnuna eða í glærum poka.

Plastic packaging

Plastic bags, plastic bottles, plastic containers, plastic film, plastic packaging, plastic trays, plastic bottles, etc.

NOTE! To ensure plastic is best utilized as a recyclable material, it is essential to remember that plastic from food and cleaning products must be rinsed and dry. All materials should be placed loosely in the bin or in a clear bag.

Opakowania plastikowe

Plastikowe torby, plastikowe butelki, plastikowe pojemniki, folia plastikowa, opakowania plastikowe, plastikowe tacki, plastikowe butelki itp.

UWAGA! Aby plastik mógł być jak najlepiej wykorzystany jako materiał do recyklingu, należy pamiętać, że plastik po żywności i środkach czystości musi być wypłukany i suchy. Wszystkie materiały powinny być wrzucane luzem do pojemnika lub do przezroczystego worka.
